

Tony Irvine

Re-nomination for SCA NSW Board

I have been involved in the strata industry for over 15 years. This experience has been as a supplier, as a start-up new business, mentor, growing practitioner and a Board member since 2015.

I am the Owner of Your Local Strata and lead a team of 15 staff across 3 office locations. We manage over 200 buildings in the Innerwest, South and Eastern Suburbs. The business started on a folding table in the front room our home in 2010 and has grown organically and by acquisition for the past 9 years.

Prior to starting my business, I spent 4 years with the MaxSoft Group (StrataMax) and 15 years in corporate banking at CBA and Westpac.

During my most recent term on the Board I have acted as the Chairman of the Risk and Finance Committee and Company Treasurer. 2019/2020 also saw the Board embark on the mission of becoming a recognised as truly professional association through the application for a Professional Standard Scheme and I have enjoyed leading this initiative with the support of other Board Members and SCA Secretariat.

I am re-nominating for the Board to finalise the Professional Standard Scheme application and implementation throughout 2021.

I will continue to be an advocate for smaller operators in the strata industry.
