

Geoffrey Linders

Geoff has a diverse background with a focus on future vision, corporate-level strategy, and business innovation. Here are some key points about his professional experience and roles:

- **Background and Entry into the Strata Industry (2002):** Geoff joined the family business in the strata industry in 2002. He has held various operational and project management roles within the company. These roles have included overseeing large-scale technology and human resource projects.
- **Current Role as Chairman:** Geoff currently serves as the Chairman of the company. In this capacity, he is responsible for setting and driving the board's strategic direction. As Chairman, he plays a pivotal role in shaping the company's future vision and corporate-level strategy.
- **Directorships and Company Secretary Positions:** Geoff has held multiple directorships and company secretary positions in various companies, including the Strata Choice Group. These roles indicate his involvement and contributions to different organizations beyond his family business.
- **SCA NSW Directorship Term:** Geoff has been involved in the Strata Community Association (SCA) NSW as a director since 2021. His committee involvement during his directorship term includes participation in various committees, such as the Professional Conduct and Oversight Committee, Conduct Panel, and Risk and Finance Committee. Additionally, he served as the Chair of the Professional Conduct and Oversight Committee as well as the Conduct Panel during 2023.
- **Industry Awards Re-Evaluation:** Geoff took on the responsibility of re-evaluating the industry awards for SCA's NSW as well as National. This involved working closely with the National committee and the CEO to align the award criteria and judging process. His involvement in this initiative highlights his commitment to improving industry standards and recognition.
- **Qualification with the Australian Institute of Company Directors:** Geoff holds a Graduate qualification with the Australian Institute of Company Directors. This qualification signifies his commitment to maintaining high standards and compliance within the Director Professional Development program. It reflects his dedication to professional development and governance excellence.

In summary, Geoff has a well-rounded background in the strata industry, with a strong focus on strategy, leadership, and industry development. His involvement in various committees and directorships demonstrates his dedication to contributing to the success and growth of both his own company and the broader strata community.
